

CLIMA 2022

EYE ON
2030

Towards digitalized, healthy,
circular and energy efficient HVAC

REHVA 14th HVAC World Congress

22nd - 25th May, Rotterdam, The Netherlands

The REHVA HVAC World Congress CLIMA takes place every three years and is organised by one of REHVA's member associations. In 2022, TVVL, the Dutch Society for Building Services and Technology, is pleased to host this prestigious event in Ahoy Rotterdam, the Netherlands. From 22nd May until 25th May 2022 Ahoy Rotterdam will open its doors to professionals and researchers eagerly looking to discuss the latest insights and find answers to the questions society and our sector are dealing with.

TOPICS:

Energy

- Renewable and smart energy solutions for buildings and sites
- Design of Innovative HVAC systems for optimized operational performances
- Reduction and balancing of building energy demand:
- Legislation, business models and shifting responsibilities

Digitization

- Building Management Systems for Energy, Carbon, Comfort and Cost Performance
- Design for Automation: From BIM Models to BACS
- Digitization in HVAC control & Health Monitoring
- Digitization for integration & Building upgrading

Health & Comfort

- Ventilation to reduce infectious diseases
- Indoor Environmental Quality for well-being in energy-efficient & retrofitted buildings
- Thermal comfort in energy-efficient buildings & retrofitted buildings
- Resilience and climate change

Circularity

- Circular Design
- Product Technology
- Business Models
- Management

Learning & Education

- Learning communities
- Digital education
- Development of curricula
- Business models for Learning & Education

IMPORTANT DATES:

- **5 September, 2021:** Notification of abstract acceptance (for submission until August 1)
- **15 September, 2021:** Extended abstract submission deadline
- **8 October, 2021:** Notification of abstract acceptance (for submission from August 2 until September 15)
- **28 November, 2021:** Paper submission deadline
- **15 January, 2022:** Notification of acceptance/revision
- **15 February, 2022:** Definitive acceptance
