

Copyright

1. The undersigned confirms that he has understood that the proceedings will be published under CC-BY license (free access and reuse to all content without login/paywall). It also implies that authors retain their copyright to their work and will be credited for their work.
2. The undersigned takes full responsibility for obtaining content contributors' consent to include their text passages, figures, data and any other material in the Proceedings under the conditions of this agreement, and obtain necessary permissions for re-use of any third parties or non, copyrighted materials.
3. When distributing or re-publishing a paper, the undersigned agrees to credit the Proceedings in which the paper has been published as the source of first publication, as well as TU Delft OPEN Publishing. The author warrants that each co-author will also credit the Proceedings in which the paper has been published as the source of first publication, as well as TU Delft OPEN Publishing, when they are distributing or re-publishing the paper.
4. The undersigned warrants the paper is the original work of themselves and any co-author and is not copied wholly or substantially from any other work or material or any other source.
5. The undersigned warrants the paper has not been formally published in any other peer-reviewed journal or in a book or edited collection, and is not under consideration for any such publication; the undersigned and any author and co-author warrant they have not assigned and will not assign any of the rights granted to the editor of the Proceedings.
6. The undersigned agrees that the following citation to the Paper within the Proceedings is included in any attribution statement: "[year of first publication] [Title Proceedings] [Authors' name and title of the paper]", and that the attribution requirement of the Creative Commons license CC-BY is fulfilled.
7. The editor of the Proceedings has a clear policy regarding the remuneration of its authors. As the chapter will be published on the platform of TU Delft OPEN Publishing, a non-for-profit publisher with no processing charges and no publication charges for authors, undersigned understands there will be no royalties for authors.
8. The undersigned grants the organizers and the executive scientific committee of CLIMA2022 the permission to use, distribute, publish, record, broadcast, reproduce and archive, his/her presentation and comments at the conference in any format or medium
9. Undersigned agree to indemnify the organizers, the executive scientific committee of CLIMA2022, the editor and TU Delft OPEN Publishing against any claim or action alleging facts which, if true, constitute a breach of any of the foregoing warranties or other provisions of this agreement, as well as against any related damages, losses, liabilities, and expenses incurred by the organizers, the executive scientific committee of CLIMA2022, the editor and TU Delft OPEN Publishing. This indemnity also applies to any photographs, drawings or other illustrations supplied by undersigned in the Proceedings.
10. The undersigned confirms to have the power and authority to make and execute this form. For jointly authored works the signing author warrants he is signing as authorized agent for the others.

Data Statement

The undersigned warrants having made every reasonable effort to make the datasets generated and/or analyzed during the study publicly available in recognized research data repositories.
